

DL7200C

直驅式單針自動切線平縫車

Direct-drive Lockstitch Machine
with Thread Trimmer

DL7200C-BM1-16Q

DL7200C

專利斜板自動式抬壓腳、搭載智能主板由核心精準控制針距，精度可達 0.1mm 的誤差。智能控制作動行程、誤差，達到精準無聲倒縫。

Stepper motor controls stitch length and reverse stitch. It enables precision control over the stitch length to get an accuracy of 0.1mm and gives reverse stitches precisely on the top of the previous ones.

產品特點

FEATURES

1 【專利】斜板自動式抬壓腳：

降低電磁鐵負載、耐用度提升

Patented inclined plane design of auto. presser foot lifter will lead to a significant increase of the electromagnetic service life and enhance its durability.

2 大風量手輪設計，高效率散熱

Big hand wheel with cooling fan design improves the heat dissipation efficiency.

3 具備智能操控屏幕與USB接口

Intelligent control panel with USB port

4 出廠預設9種花樣縫，也可彈性設定花樣，滿足多種縫紉需求

Up to 9 standard sewing patterns for different needs and the sewing patterns can also be customized upon request.
